

# Sarcoma Warriors of the Upstate Corporate Donation Form

---

September 1, 2011

Thank you and your organization for this level of interest in our group. Hundreds of initiatives have as their focus research into finding cures for today's most common cancers. Lost within these tremendous acts of goodwill, however, are 13,000 patients and their families diagnosed with one of a family of cancers named *sarcoma*. With survival rates that range from 0-80%, this array of patients from millionaires to the homeless has one devastating fact in common: they have acquired one of the most aggressive cancers known to man.

A number of the treatments used in the battle against *sarcomas* are unusually lengthy and/or costly resulting in significant financial hardships for the patients and their families. The long-term goal of the Sarcoma Warriors of the Upstate is to help as many warriors as possible win their daily battle with costs of prostheses for their amputated extremities, win their monthly battles with mortgages or rent, win their yearly battles with medical bills and expenses, and win their lifelong battle with sarcomas. We are pleased to have this as our focus and we are now writing to ask that you accept an opportunity to help in this battle. We are a 501c3 organization so all contributions are 100% tax-deductible. We were created in South Carolina so all funds support patients right here in South Carolina.

Corporate contributions will be recognized on our web site within its own page. We hope to return the generosity that you have shown to us by allowing our visitors to link directly to your home pages through your interactive company logos. Please don't forget to e-mail to us a copy of your company's logo at [info@sarcomawarriors.org](mailto:info@sarcomawarriors.org).

Sincerely,

A handwritten signature in black ink that reads "Scott E. Porter". The signature is written in a cursive, flowing style.

Scott E. Porter, MD, FACS  
President, Sarcoma Warriors of the Upstate
